Renaissance Zone Program

Last Revised: 8/27/2018

City of Bismarck
Community Development Dept.
Planning Division

This guide to the Bismarck Renaissance Zone program includes:

1. Background Information
2. Current Renaissance Zone Boundaries
3. Minimum Project Approval Criteria
4. Available Tax Exemptions
5. Application Procedures

Full program requirements are available in the Renaissance Zone Development Plan on the [City of Bismarck](#) website.

Background Information

The Renaissance Zone program provides tax incentives to both residents and business for revitalization and redevelopment activities within the Renaissance Zone boundaries. The purpose of the program is to encourage reinvestment in downtown properties, which strengthens the core of the community and helps bolster the economy of the whole region. Bismarck's Renaissance Zone was established in 2001 and has been expanded over the years to include a 37 block area. The Renaissance Zone program recently received a five-year extension and will remain effective until at least 2022.

The Renaissance Zone provides both property and income tax exemptions to property and business owners who invest in qualified projects. There are five different types of Renaissance Zone projects: rehabilitation, new construction, purchase with major improvements, lease, and historical preservation and renovation. Based on the level of improvements made, projects are eligible for up to a 100% property tax exemption on the improvements for a five-year period. Business / investment projects are also eligible for a 100% state income tax exception on income generated from the location.

Being located within a Renaissance Zone does not automatically qualify an applicant for incentives. All projects must be approved by the City of Bismarck and the North Dakota Department of Commerce - Division of Community Services before a potential eligible purchase, lease occupation or rehabilitation of property

occurs. If the qualifying event occurs prior to obtaining all required approvals, a project cannot be designated as a Renaissance Zone project. The property tax and state income tax exemptions are available upon completion of the approved project.

Available Tax Exemptions

State Income Tax Incentives

The City of Bismarck includes additional rules for project eligibility that are beyond state criteria:

- *Business / Investment Income Tax Exemption:* Any taxpayer that purchases, leases or rehabilitates residential or commercial property for any business or investment purpose as an approved Renaissance Zone project may be exempt from any tax on income derived from the business or investment locations within the Renaissance Zone for five taxable years, beginning with the month of purchase, lease, or completion of rehabilitation. In the City of Bismarck, improvements must be made with any purchase to be eligible. For rehabilitation projects without purchase, the cost of rehabilitation must equal or exceed fifty percent (50%) of the property's value for tax purposes.
